HEAD OFFICE.
SANDAKAN, NORTH BORNEO.

THIS Company is formed to meet the requirements of the merchants, traders, and planters of Sandakan Bay and the East Coast of North Borneo, and to facilitate the rapidly increasing trade and passenger traffic of the Bay and neighboring Seas by running suitable Steamers, from port to port, amongst the various islands, rivers, and outstations, and thus connecting the trade in the largest ports of the Territory, where facilities are offered for direct transshipment into Steamers running to Singapore, Hongkong, the Coast of China, Australia, &c. &c. It is thought that by carrying out a properly organized system, the objects for which the Company has been formed, a legitimate and profitable outlet for capital is presented.

The system will include the maintenance of communication by Steam Launches between Sandakan and the plantations now being commenced up the rivers within the Bay of Sandakan, and the opening up, generally, of the trade with the plantations in Labuan, Sagat, and other rivers and stations in North Borneo.

A concession of foreshore land to the extent of four acres has been procured, and secured, for a nominal payment, of twelve acres on the Coast, where it is anticipated there is capable of development. These concessions, besides affording sites for the Company's wharves, godowns, and offices, will, no doubt, as this country advances, form the centres of future settlements or townships, and thus constitute hereafter a distinct and special feature in the assets of the Company.

Upon the assumption that the Company may wish eventually to have independent accommodation at their headquarters, the refusal on favorable terms, of desirable premises at Sandakan has also been secured.

It is intended to procure, as soon as possible, two additional Steam Launches to run to the various plantations within the Bay itself, and also two suitable Lighters, while for sailing at the more distant places a Steamer of about 300 tons capacity will be at least necessary to meet the first requirements, in connection with the formation of the Company—conditional upon the formation of the Company—has been entered into for the purchase of the Steamer "Royalist," with the full benefit of all the contracts, agreements, and privileges which she has with the Government and Chinese Merchants.

The cost of these vessels, together with the erection of suitable godowns, wharves, and other accommodation, will, it is calculated, amount to \$60,000 of the paid-up capital.

For working capital, the Directors will be left with \$100,000 in hand, to increase which, as the business expands and extension of its operations and additions to its fleet and establishments be in consequence, should be desirable.

Meetings of Shareholders will be held annually, and at those the Directors' Reports and Accounts will be presented. In this respect and in all other essential particulars the constitution of the Company will be in conformity with the rules in force for English Joint Stock Companies.

It is needless to say that no promotion money has been or will be paid. The Directors put forward their shares in the interest of the East Coast and of the Territory generally, with a considerable proportion of the capital already subscribed by the local community, and with the promise of their further co-operation, and they trust that their undertaking will meet with the approval and support of all those who are concerned in upholding the trade and welfare of North Borneo.

Copies of the Memorandum and Articles of Association, particulars of the land concessions, and copy of the agreement with Mr. Cowie for the purchase of the "Royalist," can be seen at the Company's Office.

Applications for shares should be made on the accompanying form and addressed to the Secretaries to the Company's Agents, from whom, or from any of the Directors, further information can be obtained. List will close in Hongkong on 31st inst. and at Sandakan on 1st August.
